AMINO GLYCO KVIAR PF

Caviar, the secret to radiant and lasting skin

COBIOSA
NATURALLY EFFECTIVE

AMINO GLYCO KVIAR PF is a natural marine active ingredient that combines **pure caviar extract** with **glycosaminoglycans and glycogen of marine origin**. The caviar extract provides amino acids and omega-3 and omega-6 fatty acids.

This is a **hydrating and revitalizing active ingredient** for dry or dull skin that also **helps support the skin barrier and maintain skin turgor.**

CHINA COMPLIANT

BLUE ECONOMY

INCH

Aqua (Water), Glycerin, Glycosaminoglycans, Glycogen, Hydrolyzed Caviar Extract

DOSAGE

1-5%

SOLUBILITY

Hydrosoluble

COMPOSITION

Caviar extract:

High content of fatty acids (mainly omega 3 and 6), amino acids and proteins, minerals and vitamins.

Marine glycosaminoglycans:

Essential components of the extracellular matrix with water retention capacity, which play a fundamental role in skin hydration.

Marine glycogen:

Energy reserve polysaccharide that stores glucose, necessary for the metabolism and functioning of skin cells.

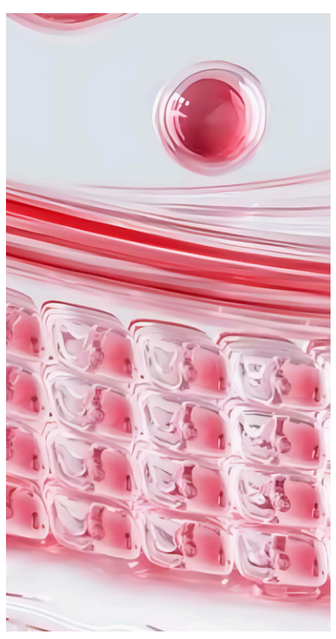
PROPERTIES

WELL- AGING ANTI-AGING

Indicated for the **care of mature skin** with loss of **tone**.

STIMULATES CELLULAR METABOLISM

Glycogen acts as a **cellular energy reserve.**

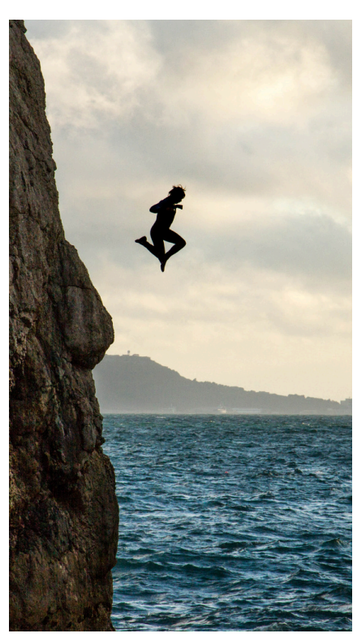


REPAIR OF THE BARRIER FUNCTION

The omega-3 and omega-6 **fatty acids** in caviar contribute to the **care of the skin barrier**.

REINFORCEMENT OF THE INTERCELLULAR MATRIX

Glycosaminoglycans retain water and help **maintain skin turgo**r.



REVITALIZING AND ENERGIZING

Suitable for **revitalizing** formulas intended for **dull skin**.

PROMOTES REGENERATION

Suitable for **intensive night care** formulas for **dry or stressed skin.**
