

Immediate Soothing Effect

CHIAPROTECT SKIN

CHIAPROTECT SKIN is an **extra virgin botanical oil** obtained by cold pressing **chia seeds** (*Salvia hispanica*).

Chia is considered a **superfood** and is one of the **richest sources of omega-3** fatty acids (63.29%), as well as other fatty acids and antioxidant compounds.

It stands out for its **immediate and long-lasting soothing effect**, helping to relieve dryness, itching, and redness. In addition, it supports the restoration of the **skin barrier function** and improves skin **elasticity**.
